

BRING MORE EXCITEMENT TO POWER UP RACING WITH THE POWER UP LIGHT SHOW!

[\(CLICK TO SEE POWER UP LIGHT SHOW\)](#)

The **Power Up Light Show** consists of LED lighting that follows the contours of the go-kart body with light patterns and colors synchronized to specific racing conditions of each kart on the track. Driving over a Power Up, earning speed, activating shields, winning the race, etc., all have unique light patterns and colors which adds to the excitement of the race and attracts even more attention to your track!
